

## Hello!

Thanks for your purchase. Below you'll find a few important points. Please take note of them.

The resell license in this package is only for you because you purchased it (or I gave it to you as a gift). When reselling this PLR, please **ONLY** deliver the files in the 'For Your Customer' folder.

**Your customers only get personal use rights.**

## Ecover Image

I've provided you a generic ecover in this package. You may use it, but I'd recommend that you either design one yourself or get someone on [Fiverr](#) to do it for you.

Your goal should be product differentiation. Since you're a reseller, it's best to make your products look different from the other resellers.

**Please DO NOT download the ecover image from my PLR Reseller store and use it as your own.** I admit that my ecovers look better than the generic ones provided... and that's because I paid to get them done.

I wanted to keep the costs for these packs low for you. So, I provided generic ecovers instead of getting a professional to design them.

## Make EASY Affiliate Sales!

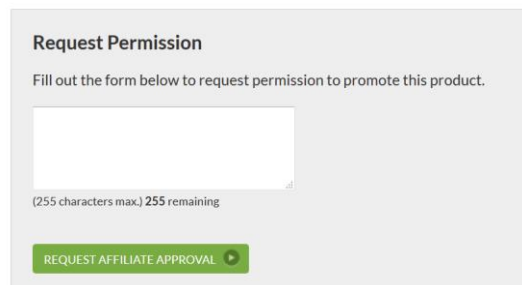

Inside each PLR pack (in the 'For Your Customers' folder), you'll find an internet shortcut that says 'How To Rewrite PLR'. This link leads to one of my highest converting products – [The PLR Rewriting Formula](#).

This guide is the perfect complement to the PLR packs you're selling because people want to make their content unique.

It has sold 1300+ copies through the funnel and keeps selling to this day. All you need to do is edit the link in the shortcut. **Just follow the steps below:**

**Step #1** – Get affiliate approval [here](#). (You'll need to sign up for a free [JVZoo](#) account.)

**Step #2** – When requesting permission, just type in "Reseller PLR" in the form field, and I'll approve you.

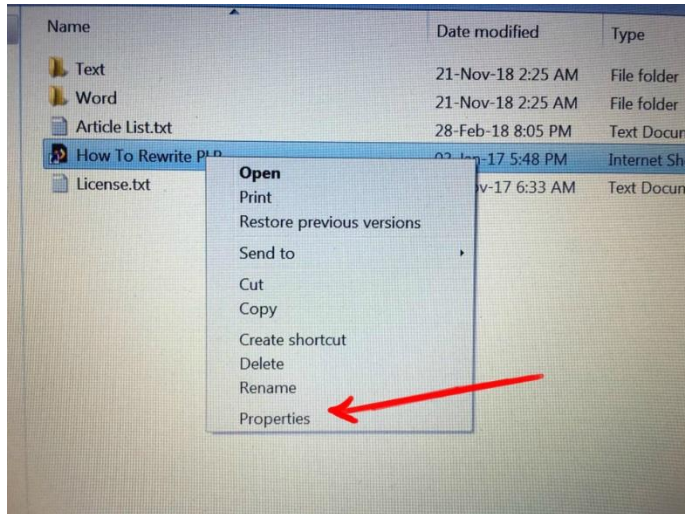

The screenshot shows a 'Request Permission' form. At the top, it says 'Request Permission' and 'Fill out the form below to request permission to promote this product.' Below this is a large text input field. Under the field, it says '(255 characters max.) 255 remaining'. At the bottom of the form is a green button with the text 'REQUEST AFFILIATE APPROVAL' and a right-pointing arrow.

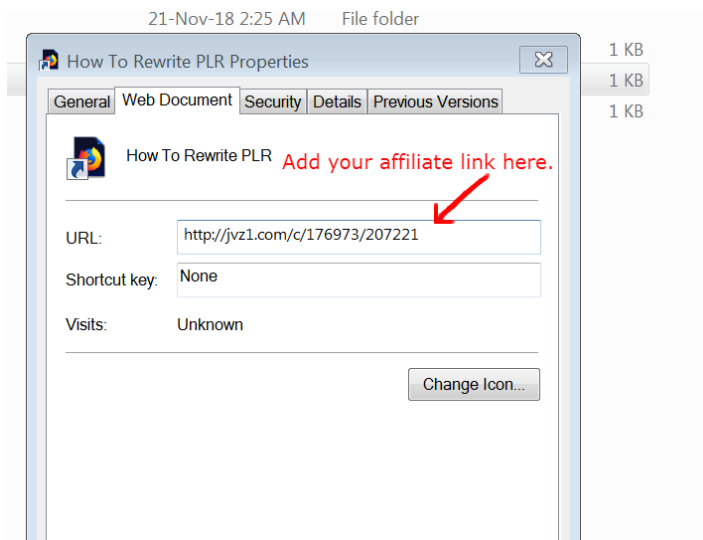

**Step #3** – Once you're approved, go to JVZoo and get your your affiliate link:

<https://www.jvzoo.com/affiliates/approvedproducts>

**Step #4** – Next, you'll need to open the 'For Your Customer' folder and right click on the internet shortcut in your PLR folder. Click on 'Properties'.

**Step #5** – Add your affiliate link in the field and click ok.

That's it. You'll get 100% commission for every sale that comes from anyone who buys through that link... and 50% on the 2 upgrades.

One of my affiliates has earned a few thousand dollars just from promoting The PLR Rewriting Formula. So, do this and earn some easy commissions for yourself.
